Paine's Celery Compound

Cures
DYSPEPSIA, INDIGESTION,
AND STOMACH TROUBLES.

The tortures and evils of dyspepsia and indigestion are experienced by thousands at this time. The dyspeptic's train of evils may be enumerated as follows: feelings of dizziness, languor, nervousness, sleeplessness, headache, distention of the stomach, loss of flesh, difficult breathing, and the action of the heart is seriously affected.

All forms of dyspepsia are quickly banished by the use of Paine's Celery Compound. The use of this marvelous medicine allays the inflammation of the nerves centered about the stomach; it opens up the sewers of the body and removes all waste matter; it cleanses the blood; it makes new nerve fibers; it restores digestive power, and promotes bodily strength and activity. Mr. Fred. Ross, Clarendon, Iowa, briefly writes about his happy experience with Paine's Celery Compound as follows:—

"It gives me great pleasure to testify to the merits of Paine's Celery Compound. I can candidly and honestly say it is the best medicine in the world. Two years ago I was suffering from indigestion and nervousness, and was so run down that I could hardly walk without help. I used two bottles of Paine's Celery Compound and got better almost from the first dose, and have had no use for medicine since. I was completely cured."

BEAUTIFUL PIANO TO BE GIVEN AWAY

To the Lady Receiving the Largest Number of Votes.

The piano contest inaugurated in today's paper should attract widespread interest. It is the most liberal offer ever made by a Columbus newspaper, and hundreds of new subscribers should in consequence be added to our already large and growing subscription list.

A little effort on the part of her friends will secure for some lady a handsome piano, selected by The Commercial because of its exceptional beauty and general excellence.

Clip out the coupon which appears elsewhere, and write thereon the name of your favorite.

The first count will be made next Wednesday at noon, and on each Wednesday and Saturday thereafter until the contest closes on Tuesday, June 30. The vote will be announced regularly in the columns of The Commercial.

Bear in mind that 25 votes will be given with each dollar paid the paper on subscription.

Cut out your coupons and leave them at Mayo & Weaver's drug store.

SCIENCE HALL CORNER-STONE LAYING DREW LARGE CROWDS.

Big Day at the A. & M. College—Students of the I. I. and C. Went Over on a Special Train.

An auspicious event in the educational annals of Mississippi occurred at the Agricultural and Mechanical College last Friday when a representative gathering of citizens assembled from all sections of the state to witness the laying of the corner stone of the new Science hall, a handsome and commodious structure which is a decided credit to this great and growing commonwealth, to those who conceived the need of such an institution and to the wise legislators who provided for its building.

A special train bearing the student body of the Industrial Institute and College left Columbus at 8:45 a. m. and arrived at the College campus at 10:20.

The meeting was held in the large and commodious assembly hall of the A. and M. College, and that immense auditorium was inadequate to accommodate the crowd.

President J. C. Hardy delivered the welcome address and gave a brief synopsis of the splendid progress which has marked the career of the college

sity, expressed regret that the students of that institution could not be present. He discussed educational matters in general and particularly the relative importance of the state's three leading institutions of learning, which he designated as the University, the A. and M. College and the I. I. and C. Each, he said, had its own field and each was doing a great work in preparing the future men and women of Mississippi for the responsibilities that would come to them in future years. Prof. Lipscomb is a former student of the A. and M. and expressed much pleasure anent the progress made in every department since he left the institution.

Capt. H. D. Shaw, jr., spoke in behalf of the student body of the college, and made one of the best speeches of the day. Mr. Shaw is a young man of splendid oratorical powers and his speech would have been creditable to a much older man.

The chief speaker of the day was Secretary of Agriculture James Wilson, who had come

who had made special arrangements for their comfort and enjoyment. The dinner furnished them was fit for the gods. It consisted of everything that the season affords and any man who would offer to criticize the culinary department of the A. and M. College must be a fool or "very highly bred." The menu was as follows:

Baked Red Snapper.
Roast Beef.
Potato Salad.
Canned Corn.
Macaroni.
Garden Peas.
Candied Yams.
Stewed Prunes.
Pickled Beets.
Mixed Pickles.
Mixed cakes.
Bananas.
Soda Crackers.
Corn Bread.
Ice Cream.
Charlotte Russe.
Light Bread.

Under the able management of President Hardy, the A. and M. College is accomplishing more than ever before in its history, and if the legislature deals gently and kindly with it there is no telling what enormous good the future will bring for the young men of Mississippi.

NOTES.

The only marring feature of the occasion, in so far as Columbians were concerned, was the tedious and tiresome delay occasioned by the apparently inexcusable delay of the I. I. and C. special on the return trip. The train should have left the A. and M. campus at 6:30, but did not depart until nearly 8 o'clock.

The numerous handsome and well appointed buildings were all thrown open to the visitors, who were shown everything in connection with the college from the splendid dairy herds to the intricacies and ingenuity of the textile department and chemical laboratory. President Hardy and his distinguished faculty are adepts in the art of entertaining.

Among the candidates present, the Commercial representative noted: Governor A. Longino, candidate for United States Senator; Hon. E. F. Noel, candidate for governor; Jos. W. Power, who wants to succeed himself as secretary of state, and numerous aspirants for county and district positions.

The editorial fraternity was well represented, and the members of the craft will have lots of nice things to say about the A. and M. and its splendid faculty.

The Mayor's Court.

The following cases have been disposed of by Mayor Gunter during the past week:

Ed Cole, drunk and disorderly, fined \$5.00.
Ed Sandere, fighting on public street, fined \$5.00.
Wm. Wade, shooting craps, fined \$5.00.
Green Sturdivant, shooting craps, fined \$5.00.

Walks Without Crutches.

I was much afflicted with sciatica, writes Ed. C. Nud, lowville, Sedgwick, Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons, all expressed themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." etc., 50c, and \$1.00 at Mayo and Weaver's.

Likes Columbus.

Editor Geo. A. Brown, of the Guntown Hot Times visited Columbus last week for the purpose of hearing the addresses of Senators Money McLaurin and Governor Longino, and like every stranger, was very favorably impressed with the city and its people. Regarding his visit he publishes the following:

The editor went to Columbus Friday to hear the candidates for the U. S. senate speak—Senator H. D. Money, Governor A. H. Longino and Senator A. J. McLaurin.

It was our pleasure, on invitation of President A. A. Kincannon, to dine at the Industrial Institute and College. We met Miss Annie Laurie Dabbs, the beautiful young daughter of Mr. and Mrs. L. H. Dabbs, of this place, who is attending the I. I. & C. We were shown through this grand institution—the pride of every Mississippian—by its president, and are confident that no better man could be found than Hon. A. A. Kincannon to have it in charge. He is the right man in the right place.

Friday night and Saturday we were the guest of our young friend, Ernest Lyons, who will be remembered by our citizens as being in Guntown in the interest of the industrial edition of the Tupelo Review. He and his brother, Harry, are now in Columbus getting out a magazine edition of The Commercial for Bro. Senter.

During our two days' stay we were royally entertained, and we trust it may be our beautiful privilege to again visit the beautiful and hospitable city of Columbus.

Save the Loved Ones.

Mrs. Mary A. Vile, Newcastle, Colo., writes: "I believe Ballard's Horehound Syrup is superior to any other cough medicine, and will do all I want to take for it, and it is so pleasant to take. My little girl wants to take it when she has no need for it." Ballard's Horehound Syrup is the great cure for all pulmonary ailments. 25c, 50c and \$1.00 at Mayo and Weaver's.

THE Meridian Press says that the world needs more cotton. Then the world ought to pay more for it.

Larger Than Expected.

In order to fully cover all points of interest in our magazine edition the work has been made larger than was originally expected and a consequent delay was experienced in producing it. Some additional engravings were made at the last minute and with everything now in hand its appearance can be confidently promised for the middle of this week.

RECENT mail robberies in Noxubee county have been the topic for considerable discussion in the press of the State and journals hostile to the State referred to the incident as an example of lawlessness in the South. It is consequently only fair to state that Harlan Smith and family, now in jail at Macon, charged with the crime, are negroes. It thus develops that the responsibility for the crime rests with the republican administration and the department which caused the apprehension of mail carriers. Nuff said.

Amusements.

During recent years there have been many excellent amateur dramatic entertainments in Columbus, but it is generally conceded by those who have witnessed the rehearsals that the minstrel performance which is to be given at the opera house on Friday, May 1st, will eclipse all past efforts in this direction. At this performance the old time idea of a semi-circular first part will be departed from, and the curtain will rise on a gorgeously set lawn scene, with the performers artistically grouped on garden benches and rustic chairs. The newest jokes and latest songs will be introduced, and the performance will be up-to-date in every particular.

Prairie Bells 28376

Trial 2,2:16.

Sire of

BLACKBIRD, Trial 2,12 1/2
GEORGE M., Trial 2,20

PRAIRIE BELLS was foaled in 1903; bred by Hermitage Stud, Nashville, Tenn.

He is a handsome mahogany bay horse, stands 15-2 hands high and weighs 1050 pounds.

In conformation he is a grand horse, clean cut head, intelligent countenance, strong shoulders, powerful back, hips and stifles, all gracefully combined to produce strength and speed.

That he will meet speed and grand road qualities there is no doubt, as he not only inherits but possesses these qualities in a marked degree. He has already shown quarters in 3) seconds or better.

Even common mares bred to a horse of this class cannot fail to produce foals that will find a ready market as roadsters as well as first-class saddle horses.

Terms \$15.00 with usual return privileges should mare fail to get with foal.

"SILVER"

Standard and Registered.
BRED BY HORACE CLELAND, LEBANON, KY.

Sired by Gambette Wilkes, 2,19 1/4, the sire of Emma Offert, 2,11 1/4; Guinetta, 2,06 1/4; Gambrell, 2,110 1/4; Wood Wilkes, 2,11; Lathi Loraine, 2,06 1/4; Garian, 2,12 1/4, and over 60 others in 2:30 or better.

Silvers: First Dam, Rhea Silver, by Aberdeen, Second Dam by Vermont, Third Dam by Purdy's Morgan, Fourth Dam by Highlander.

He is a handsome bay, stands about fifteen hands high, very strong and compact built, stylish and has plenty of speed. His colts are showing up large, high-headed, with plenty of action, and to be fine drivers, desirable and serviceable.

TERMS: \$10.00, with return privileges should the mare fail to get with foal.

"DAVID"

FOALED 1896—BRED BY COL. J. W. GARTH.

David is a dark-brown color with black points, stands about 15 hands, will weigh in good flesh 800 pounds, is very quick and active, well muscled, and the best bone possible. He comes from a long line of the best Jack stock in the South. His colts are large and smooth and are sure to be winners on the market. Bred rules and make no mistake.

TERMS: Five dollars, on good note, at the time of first service, and five dollars when the mare is known to be in foal.

The above animals will make the season at my stables in Columbus, Miss. Will not be responsible for accidents or escapes, but best of care taken of all mares sent to us. Grain fed at cost and pasture \$1.00 per month.
